***Allowable Subject Matter***

1. Claims 1-51 are allowed.

The following is an examiner's statement of reasons for allowance:

The allowability of the claims resides, at least in part, in that closest prior art of record Maritn et al. (U.S. Patent 6,029,140) did not disclose or suggests, alone or in combination, determining the desired shipping window so as to allow the item to be shipped via a lower cost shipping method while arriving at a destination as if shipped via an expedited shipping method, in combination with the other elements and features of the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
